Recreation passport registration – Town of Gaspé

Reminder

How to participate in the program

The referring agent fills out the participation application form with the young person or a parent; the form is then sent, confidentially, to the Town of Gaspé.

To sign up for an available activity, the applicant has to be present at the registration day organised by the Maison de la famille Parenfant on the September 10 weekend. There will be a registration period during the day in Gaspé and another one in Rivière-au-Renard.

Because places for these activities are allocated on a first-come, first-served basis, please report for registration as early as possible on that day.

Subject to what's available, the Recreation Passport organisers will do their best to find a place for you for your preferred activity.

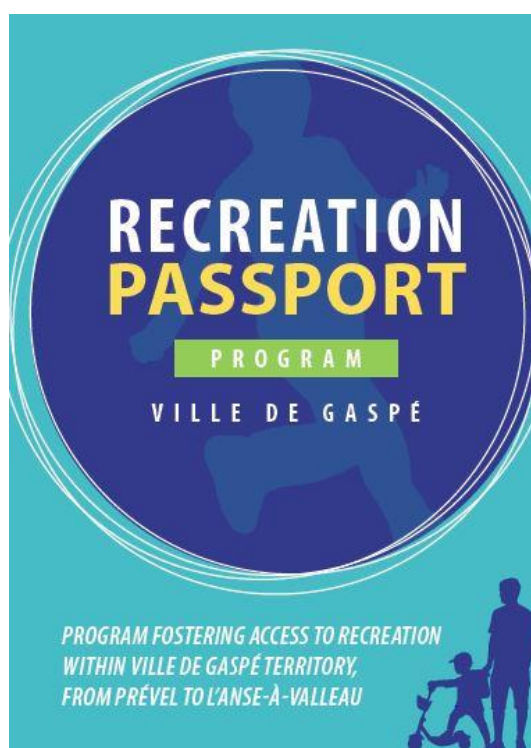

A parent must sign for his or her child on registration day.

To register, bring your ID with you.
